Quotes

"What this world really needs is a computer that figures out all the things in life that don't add up."

"Takers ultimately lose, but givers win forever. This is a rule the universe never breaks."

-Douglas M. Lawson

Laughs

A mother and daughter were washing dishes in the kitchen. The father and young son were watching TV in the den. Suddenly, there was a crash of broken dishes, followed by complete silence. The son knowingly looked at his father and said "It was Mom." "How do you know?" asked the father. The son replied "Because she didn't say anything."
