

Edition No. 3 March 2022 Community Newsletter

The Chamber welcomes new Member:

TRU is drilling for gold in the highly prospective Central Newfoundland Gold Belt and has an option with a subsidiary of TSX-listed Altius Minerals Corporation to purchase 100% of the Golden Rose Project, located along the deposit-bearing Cape Ray – Valentine Lake Shear Zone. TRU also owns 100% of the Twilite Gold Project, located along the same Shear Zone, and earlier-stage properties in the region. TRU's common shares trade on the TSX Venture Exchange under the symbol "TRU", on the OTCQB Venture Market under the symbol "TRUIF", and on the Frankfurt exchange under the symbol "706".

This is the #TSXVTRU field office at **62 Hardy Ave., Grand Falls-Windsor #Newfoundland**, the home base for our exploration team as work on the company's flagship Golden Rose Project continues.
